

## **Brokerage Commission**

DESCRIPTION	SHARES
Fee per trade value:	0.20%
Minimum fee per order:	USD 10

Please note that this charge is applied upfront on the opening of a trade in this manner:

Quantity \* Opening Price \* % commission (0.2% for open and 0.2% for close)

or the minimum fee.

### **Example 1 - Share**

Let's say Apple share is valued 8 USD and I open a volume of 15 shares then the commission is:

=  $15 * 8 * 0.20\% * 2 = 0.48$  USD but since its less than the min of 10 USD commission (min fee per order), then 10 USD is charged as commission.

### **Example 2 - Share**

Let's say Tesla share is valued 5 USD and I open a volume of 600 shares then the commission is:

=  $600 * 5 * 0.20\% * 2 = 12$  USD in this case its greater than the min of 10 USD commission (min fee per order), then 12 USD is charged as commission.
